WARRANTY	2 Years

• **Quick Lock Fence**

The quick lock fence has replaceable UHMW sides which reduces workpiece friction

• **Dado Capacity**

Accepts a FULL 29/32" Dado. Largest capacity in the industry.

• **Table Insert**

Table insert is marked with a blade height reference scale to quickly check blade depth without measuring

• **Magnetic Switch**

If power is interrupted the Table Saw will not turn on when power is restored. Use the large paddle off button with the bump of the knee.

• **Cast Trunnion**

The solid cast trunnion system reduces vibration of the blade and adds to the stability of this 615 lb saw

• **Segmented Triple Belt Drive System**

Reduces vibration and heat build up for improved power performance

• **Angled Dust Plate**

The dust system incorporates a front-to-back angled tray to properly direct the saw dust to the 4" dust port on the rear of the Table Saw
