

20" X 36" WOODFAST LATHE
 ELECTRONIC VARIABLE SPEED MODEL: 70-500

• Electronic Variable Speed / Digital Readout

5 speed ranges provide you with speeds of 50 RPMs to 3890 RPMs for all your turning needs

• 24 Position Index Head / Locking Spindle

Allows accurate pattern work to be performed on projects such as fluting, grooving, drilling and layout. Will also lock the spindle for accessory removal.

• Reversible Motor

Allows outboard turning of bowls up to 27" capacity. Perform sanding and finishing operations while working from the back side of the lathe; no need to move or turn the head.

• Easy Access Speed Changes

Provides ample room to change speeds quickly

• Nylon Face Plate Washer

Prevents accessories from sticking to the spindle; for easy removal

• 5 Position Quick Connect Switch Box

Never have the switch in your working area. With a quick flip the variable speed switch box can be moved to any of five positions for quick shut down or clear working space.
